nestpod

Your space to nourish.

LACTATION PODS FOR THE WORKPLACE

A private space to pump, right at work.

Nestpod is a freestanding, fully equipped lactation pod. It gives breastfeeding and pumping mothers a calm, private place to pump, rest and recover, without any renovation.

- **Plug & play: only a power outlet needed**
- **Place it anywhere, no building work**
- **Ready for use within 8 weeks**

Pumping at work is invisible. Its impact isn't.

71%
of mothers stop breastfeeding earlier than they would like

50%
find the pumping facilities at their workplace inadequate

5.0/5
privacy score from 180 mothers who tested Nestpod

95%
of those mothers want to actively use it

Better workplaces for mothers, stronger organizations for you

Higher retention. Keep talent that might otherwise leave after returning from leave.

Well-being and less absenteeism. No more pumping in toilets or shared rooms.

ESG, DE&I and B Corp. A visible, practical step you can report on.

Stronger employer brand. Show every location that parents are welcome.

Meet the Nestpod Maia

Our flagship pod for staff locations, with room to pump, rest and recover. 2.35 × 1.29 m, fully opaque and plug & play.

Comfortable daybed
Side table, mirror and space for an optional fridge.

Class A acoustic privacy
30 dB speech level reduction, rated to ISO 23351-1.

Sound masking
A subtle background sound outside keeps every word private.

Adaptive ventilation
Up to 100 l/s, tuned by temperature and humidity sensors.

Dimmable lighting
Relax and work modes, or set the light yourself.

Smart lock
Open with a QR code, the app or your company badge.

Hygiene
Built-in essentials for every user.

Booking & usage insights
Book via your calendar; usage data for HR and facilities.
